

Workshop of the nanosection of the ČSNMT

NANOTECHNOLOGY IN THE CZECH REPUBLIC

Date: **Thursday, June 4th, 2009**, from **10.00- to 12.00** a.m.

Venue: Prague Congress Centre, 5. kvetna 65, Prague 4,
Conference EuroNanoForum 2009

Chairman: Dr. Tasilo Prnka

Program:

1. Public support of nanotechnology R&D in the Czech Republic 10.00-10.20
speaker: Ass.prof. Karel Sperlink, PhD., president of the CSNMT
2. Nanotechnology R&D in the Czech Republic 10.20-10.35
speaker: Jirina Shrbena, manager of the nanosection of the CSNMT
3. Results of applied nanotechnology R&D in our life 10.35-11.50
Elmarco: Products NS Acoustic WebTM-sound absorbing materials , filtration materials
speaker - Dr.Stanislav Petrik
Rokospol: Utilisation of nanoparticles in materials and paints-product Detoxy ColourTM
speaker- Dr. Antonin Kocar
Contipro Group: Nanofibres from polymers and its using in preparations for wound healing and in a tissue engineering
speaker-Eva Jurova
Nanotrade: Antibacterial appliactions Nanosilver^R, additives for fuel and lubricants
speaker- Ladislav Torcik
Aquatest: Several pilot applications of nanoiron in bioremediation works
speaker –Ass.prof. Dr. Miroslav Cernik
4. Comments & Questions 11.50-12.00
5. Closing of the workshop 12.00
6. Raut- Informal discussion 12.00-13.00

Registration:

For the participation at the workshop, please, register via the standard registration form of the EuroNanoForum 2009 on:

<http://www.euronanoforum2009.eu/registration/index.php>

or directly via e-mail:

jirina.shrbena@inovapro.cz

Contact persons:

Jirina Shrbena, jirina.shrbena@inovapro.cz, tel. +420 777 863 262 (workshop organiser)
